EDUCATION

B.TECH(Software Engineering)	2021-2025	Centurion University of Technology & Management	7.46

PROJECT

Online Exam System —Website | | HTML, CSS, ReactJS, MySql, SpringBoot
- The Online Exam System is a web app using React for the front end and MySQL for the back end, designed
- The system ensures secure and efficient handling of exam data with role-based access control.
- React provides a dynamic, responsive front end. MySQL manages exam data, user info, and results. RESTful APIs ensure smooth data exchange and real-time updates. Anti-cheating features include time tracking, question randomization, and user monitoring.

College Landing Page— Website| Link | HTML, CSS, JavaScript, Bootstrap
- A college landing page created with HTML, CSS, JavaScript, and Bootstrap to provide a modern and responsive interface for prospective students and visitors.
- The website includes sections for college information, courses offered, faculty profiles, campus facilities, and contact details. It also features a dynamic gallery and an interactive map.

Portfolio — Website| Link | HTML, CSS, JavaScript, Bootstrap
- A personal portfolio website built with HTML, CSS, JavaScript, and Bootstrap to showcase skills, projects, and professional experience.
- Includes sections for an about me, projects gallery, resume, contact form, and social media links.
- Bootstrap ensures responsive design, JavaScript adds dynamic features, and CSS provides unique styling for a professional look.
